IHL and Lethal Autonomous Weapon Systems*

IHL provides a robust system to regulate the development and use of new technologies, including autonomous weapon systems

- 1) Prohibitions of weapons
- 2) The Martens Clause
- 3) Regulating the use of weapons
- 4) Legal review of weapons

For more detail, see K. Anderson & M. Waxman, *Law and Ethics for Autonomous Weapon Systems* (Hoover Institution, 2013), available online
