State [Party]: SWEDEN reporting for time period from 01/01/2012 to 31/12/2012

**International Co-operation and Assistance**

During the period covered by this report (2012), Sweden has contributed SEK 95 440 000 to mine actions, mostly channelled through the Swedish International Development Agency (Sida). For details, see the attached table 1.

The Swedish Civil Contingencies Agency (MSB) is operational in the field of mine action in support of primarily UNMAS and the ICRC. MSB has an EOD rapid response capacity, as well as expertise in fields such as Mechanical Clearance, Quality Assurance (QA), Mine Detection Dogs (MDD) and IMSMA. In the reporting period, Humanitarian Mine Action activities has been carried out by the MSB, through ICRC and UNMAS, in the Republic of Congo, Libya, Palestine and towards the situation in Syria. Sweden has also supported MRE activities in Mali, through seconded expertise from MSB to UNICEF.

During the period covered by this report, MSB has conducted technical training and exercises within Mine Action.

In 1997, Sweden established SWEDEC. SWEDEC is the country's focal point on technical matters, development, education and training. Today SWEDEC is focused on education and training of individual officers and military units on Conventional Munitions Disposal (CMD) and Improvised Explosive Device Disposal (IEDD) as well as related research and development.

Sweden is lead nation in the user group for EOD IS where SWEDEC offers an important contribution. Also SWEDEC contributes to relevant IT (IMSMA) development for UNMAS through GICHD.
