¹ Notes on using the cover page:

1. The cover page could be used as a complement to submitting detailed forms adopted at the Meetings of the States parties in instances when the information to be provided in some of the forms in an annual report is the same as in past reports. That is, when using the cover page, only forms within which there is new information would need to be submitted.
2. The cover page could be used as a substitute for submitting detailed forms adopted at the Meetings of the States parties only if all of the information to be provided in an annual report is the same as in past reports.
3. If an indication is made on the cover sheet that the information to be provided with respect to a particular form would be unchanged in relationship to a previous year's form, the date of submission of the previous form should be clearly indicated.
4. The cover page may be used for subsequent annual reports and is not to be used for the initial Article 7 report submission.

Form A National implementation measures

Article 7, paragraph 1

“Each State Party shall report to the Secretary-General ... on:

(a) The national implementation measures referred to in article 9;”

Remark: In accordance with article 9 “Each State Party shall take all appropriate legal, administrative and other measures to implement this Convention, including the imposition of penal sanctions, to prevent and suppress any activity prohibited to a State Party under this Convention undertaken by persons or on territory under its jurisdiction or control.”

State [Party]: BOSNIA AND HERZEGOVINA

Reporting for time period from JAN 01, 2014 **to** DEC 31, 2014

<i>Legal, administrative and other measures taken to implement the CCM (including imposition of penal sanctions)</i>	<i>Supplementary information (e.g., text and effective date of implementation measures, including legislation, administrative measures, policies and directives, training of military forces)</i>
<p>Pursuant to the Article V.3.d of the Constitution of Bosnia and Herzegovina and with the consent of the Parliamentary Assembly of Bosnia and Herzegovina (BiH PS Decision No. 514/10 of May 28, 2010), the Presidency of Bosnia and Herzegovina adopted a Decision on ratifying the Convention on Cluster Munitions at the 74th session, held on June 17, 2010. The Instrument of Ratification was deposited with the Secretary-General of the UN in New York on September 07th 2010. In accordance with international obligations of BiH under Disarmament Conventions, the relevant institutions for completion of this report are: BHMAC, Ministry of Defense, Ministry of Foreign Trade and Economic Relations, while Ministry of Foreign Affairs is responsible for coordinating the exchange of information and monitoring the implementation of BiH’s obligations.</p>	<p>Official Gazette of BiH – International Agreements, number 9, from 25.08.2010.</p>

Form B Stockpiles and destruction of cluster munitions

Part I: Stockpiled cluster munitions

Article 7, paragraph 1

“Each State Party shall report to the Secretary-General ... on:

- (b) The total of all cluster munitions, including explosive submunitions, referred to in paragraph 1 of article 3 of this Convention, to include a breakdown of their type, quantity and, if possible, lot numbers of each type;
- [...]
- (g) Stockpiles of cluster munitions, including explosive submunitions, discovered after reported completion of the programme referred to in subparagraph (e) of this paragraph, and plans for their destruction in accordance with article 3 of this Convention;”

State [Party]: BOSNIA AND HERZEGOVINA

Reporting for time period from JAN 01, 2014 to DEC 31, 2014

1. The total of all cluster munitions and explosive submunitions, stockpiled under the jurisdiction and control of the State Party

The following table does not include munitions retained for the purpose of training and expertise (in accordance with art. 3, para. 6) reported in form C.

<i>Cluster munition type</i>	<i>Quantity</i>	<i>Lot number (if possible)</i>	<i>Explosive submunition type</i>	<i>Total quantity of explosive submunitions</i>	<i>Lot number (if possible)</i>	<i>Supplementary information</i>
Total			Total			

All cluster munitions is in possession of Ministry of Defense and Armed Forces of Bosnia and Herzegovina and intended for destruction.

2. Additional stockpiles discovered after reported completion of the programme for destruction

<i>Cluster munition type</i>	<i>Quantity discovered</i>	<i>Lot number (if possible)</i>	<i>Explosive submunition type</i>	<i>Total quantity of explosive submunitions</i>	<i>Lot number (if possible)</i>	<i>Plans for destruction</i>	<i>Where, when and how discovered</i>	<i>Supplementary information</i>
Total			Total					

3. Status and progress ... in separating all CM under its jurisdiction and control from other munitions retained for operational use and marking them for the purpose of destruction (ref. art. 3, para. 1)

<i>Cluster munition type</i>	<i>Quantity separated and marked for destruction</i>	<i>Lot numbers (if possible)</i>	<i>Explosive submunition type</i>	<i>Total quantity separated and marked for destruction</i>	<i>Lot numbers (if possible)</i>	<i>Supplementary information</i>
Total			Total			

Form B Stockpiles and destruction of cluster munitions (*continued*)

Part II: Status of programmes for the destruction of cluster munitions

Article 7, paragraph 1

“Each State Party shall report to the Secretary-General ... on:

- (e) The status and progress of programmes for the destruction, in accordance with article 3 of this Convention, of cluster munitions, including explosive submunitions, with details of the methods that will be used in destruction, the location of all destruction sites and the applicable safety and environmental standards to be observed;
- (f) The types and quantities of cluster munitions, including explosive submunitions, destroyed in accordance with article 3 of this Convention, including details of the methods of destruction used, the location of the destruction sites and the applicable safety and environmental standards observed;
- (g) Stockpiles of cluster munitions, including explosive submunitions, discovered after reported completion of the programme referred to in subparagraph (e) of this paragraph, and plans for their destruction in accordance with article 3 of this Convention;”

State [Party]: BOSNIA AND HERZEGOVINA

Reporting for time period from JAN 01, 2014 to DEC 31, 2014

1. Status and progress of destruction programmes (art. 3)

Status

Plans, general information, timeline

Methods that will be used¹

Name and location of destruction sites that will be used

Applicable safety and environmental standards to be observed

Progress since last report

Supplementary information

¹ Reference to Form B (4).

2. Destruction of cluster munitions, including explosive submunitions, completed BEFORE the entry into force for the State Party (ONLY for initial reports)

<i>Cluster munition type</i>	<i>Quantity destroyed</i>	<i>Lot number (if possible)</i>	<i>Explosive submunition type</i>	<i>Quantity destroyed</i>	<i>Lot numbers (if possible)</i>	<i>Date of completion</i>	<i>Location of destruction sites</i>	<i>Supplementary information</i>
Total			Total					

3. Types and quantities of cluster munitions, including explosive submunitions, destroyed in accordance with article 3

(a) After entry into force

<i>Cluster munition type</i>	<i>Quantity destroyed</i>	<i>Lot number (if possible)</i>	<i>Explosive submunition type</i>	<i>Quantity destroyed*</i>	<i>Lot number (if possible)</i>	<i>Date of completion</i>	<i>Location of destruction sites</i>	<i>Supplementary information</i>
			KASSETTE BOMBLET KB1	341	n/a	16.04.2014.	Polygon Pretis d.d. Vogosca

(b) Additional stockpiles destroyed after reported completion of the programme for destruction

<i>Cluster munition type</i>	<i>Quantity destroyed</i>	<i>Lot number (if possible)</i>	<i>Explosive submunition type</i>	<i>Quantity destroyed*</i>	<i>Lot number (if possible)</i>	<i>Plans for destruction</i>	<i>Progress in destruction/ Date of completion</i>
Total			Total				

* INCLUDING explosive submunitions which are not contained in a cluster munition.

4. Methods of destruction used

<i>Cluster munition type</i>	<i>Details of the methods of destruction used</i>

<i>Explosive submunition type</i>	<i>Details of the methods of destruction used</i>
	KB1 destroyed by detonation method.

5. Applicable safety and environmental standards observed in destruction

--

6. Challenges and international assistance and cooperation needed for the implementation of article 3

<i>Activity</i>	<i>Description</i>	<i>Time period</i>	<i>Need</i>

Form C Cluster munitions retained or transferred

Article 3, paragraph 8

“States Parties retaining, acquiring or transferring cluster munitions or explosive submunitions for the purposes described in paragraphs 6 and 7 of this article shall submit a detailed report on the planned and actual use of these cluster munitions and explosive submunitions and their type, quantity and lot numbers. If cluster munitions or explosive submunitions are transferred to another State Party for these purposes, the report shall include reference to the receiving party. Such a report shall be prepared for each year during which a State Party retained, acquired or transferred cluster munitions or explosive submunitions and shall be submitted to the Secretary-General of the United Nations (...).”

State [Party]: BOSNIA AND HERZEGOVINE

Reporting for time period from JAN 01, 2014 to DEC 31, 2014

1. Type of cluster munitions or explosive submunitions **RETAINED** in accordance with article 3, paragraph 6

<i>Cluster munition type</i>	<i>Quantity</i>	<i>Lot number</i>	<i>Explosive submunition type</i>	<i>Quantity</i>	<i>Lot number</i>	<i>Planned use</i>	<i>Supplementary information</i>
			CASSETTE BOMBLET – KB1	30		Training	Polygons Lončari, Blagaj and Blagovac Norwegian People Aid NPA
Total			Total	30			

2. Type of cluster munitions or explosive submunitions **ACQUIRED** in accordance with article 3, paragraph 6

<i>Cluster munition type</i>	<i>Quantity</i>	<i>Lot number</i>	<i>Explosive submunition type</i>	<i>Quantity</i>	<i>Lot number</i>	<i>Planned use</i>	<i>Supplementary information</i>
Total			Total				

3. Retained/acquired cluster munitions or explosive submunitions used during reporting period in accordance with article 3, paragraph 6

<i>Cluster munition type</i>	<i>Quantity used</i>	<i>Lot number</i>	<i>Explosive submunition type</i>	<i>Quantity used</i>	<i>Lot number</i>	<i>Description of actual use</i>	<i>Supplementary information (e.g. origin)</i>
Total			Total				

4. Type of cluster munitions or explosive submunitions transferred in accordance with article 3, paragraph 7

<i>Cluster munition type</i>	<i>Quantity</i>	<i>Lot number</i>	<i>Explosive submunition type</i>	<i>Quantity</i>	<i>Lot number</i>	<i>Purpose of transfer</i>	<i>Receiving State Party</i>	<i>Supplementary information (e.g. steps taken to ensure destruction in receiving State)</i>
Total			Total					

Ministry of Defense and Armed Forces of Bosnia and Herzegovina are not planning to keep in possession the cluster munitions that will be intended for the purpose of training and education.

Form D Technical characteristics of each type produced/owned or possessed

Article 7, paragraph 1

“Each State Party shall report to the Secretary-General ... on:

- (c) The technical characteristics of each type of cluster munition produced by that State Party prior to entry into force of this Convention for it, to the extent known, and those currently owned or possessed by it, giving, where reasonably possible, such categories of information as may facilitate identification and clearance of cluster munitions; at a minimum, this information shall include the dimensions, fusing, explosive content, metallic content, colour photographs and other information that may facilitate the clearance of cluster munition remnants;”

State [Party]: BOSNIA AND HERZEGOVINA

Reporting for time period from JAN 01, 2014 to DEC 31, 2014

<i>Cluster munition type*</i>	<i>Dimensions of cluster munition</i>	<i>Cluster munition explosive content (type and weight)</i>	<i>Explosive submunition type and number*</i>	<i>Dimensions of explosive submunition</i>	<i>Submunition fusing</i>	<i>Submunition explosive content (type and weight)</i>	<i>Submunition metallic content (type and weight)</i>	<i>Other information that may facilitate clearance</i>
Rocket ORKAN 262 mm	Lenght 4,656 m without fuse UTE, M85	91 kg	CASSETTE BOMBLET – KB 1 288 pieces	Lenght: 8,7 cm Diameter: max 4 cm	Mechanical Impact Inertia	HE 35 gr approx.	Steel body lined with min 450 steel bals of Ø3 mm approx. 255 g	

* Please attach data sheets including colour photographs.

MRLS missile 262 mm ORKAN M87

- Delivery system MRLS, base vehicle FAP 2832 8X8
- Maximum range: 50 km, Capacity: 12 launch tubes
- Missile mass: 390 kg
- Type of bomblets: KB-1, DPICM
- Number of bomblets: 288 pcs. / warhead,
- Bomblet caliber: 40 mm
- Bomblet effectiveness radius: 10 m
- Rocket motor: 180 kg double-base propellant and igniter

Form E Status and progress of programmes for conversion or decommissioning of production facilities

Article 7, paragraph 1

“Each State Party shall report to the Secretary-General ... on:

- (d) The status and progress of programmes for the conversion or decommissioning of production facilities for cluster munitions;”

State [Party]: BOSNIA AND HERZEGOVINA

Reporting for time period from JAN 01, 2014 to DEC 31, 2014

<i>Name and location of production facility</i>	<i>Indicate if to “convert” or “decommission”</i>	<i>Status (indicate if “in process” or “completed”) and progress of the programme</i>	<i>Supplementary information (e.g. plans and timetable for completion)</i>
			There are no production facilities for CM in Bosnia and Herzegovina.

Form F Contaminated areas and clearance

Article 7, paragraph 1

“Each State Party shall report to the Secretary-General ... on:

- (h) To the extent possible, the size and location of all cluster munition contaminated areas under its jurisdiction or control, to include as much detail as possible regarding the type and quantity of each type of cluster munition remnant in each such area and when they were used;
- (i) The status and progress of programmes for the clearance and destruction of all types and quantities of cluster munition remnants cleared and destroyed in accordance with article 4 of this Convention, to include the size and location of the cluster munition contaminated area cleared and a breakdown to the quantity of each type of cluster munition remnant cleared and destroyed;”

State [Party]: BOSNIA AND HERZEGOVINA

Reporting for time period from JAN 01, 2014 to DEC 31, 2014

1. Size and location of cluster munition contaminated area*

Location**	Size of contaminated area (m ²)	Cluster munition remnants		Estimated or known date of contamination	Method used to estimate suspected area	Supplementary information
		Type	Estimated quantity			
Bosnia and Herzegovina	8.760.000	MK 1	3.774		General Survey	
		MK 3				
		KB 1				
		KB 2				
Total		Total				

* If necessary, a separate table for each area may be provided.

** Location can be defined by listing the province/district/village where contaminated areas are located as well as (where possible) map references and grid coordinates sufficient to define the contaminated area.

2. Land release

Provide information on the release of land previously suspected to contain cluster munition remnants by methods other than clearance.

<i>Location #</i>	<i>Size of area (m²)</i>	<i>Date of release</i>	<i>Method of release (technical or non-technical survey)</i>
Bosnia and Herzegovina	410.000	2014	Non technical method

3. Status and progress of programmes for the clearance of cluster munitions remnants

<i>Location**</i>	<i>Size of cleared area (m²)</i>	<i>Status of clearing programme (if possible, including plans, time table and completion date)</i>	<i>Cluster munition remnant cleared</i>		<i>Clearance method</i>	<i>Standards applied</i>	
			<i>Type</i>	<i>Quantity</i>		<i>Safety standards</i>	<i>Environmental standards</i>
Bosnia and Herzegovina	1.337.522		MK 1 MK 3 KB 1 KB 2	Unexploded submunition UXO	581 16	Clearance and Technical survey	
Total			Total		251		

* If necessary, a separate table for each area may be provided.

** Location can be defined by listing the province/district/village where contaminated areas are located as well as (where possible) map references and grid coordinates sufficient to define the contaminated area. Where possible, refer to the corresponding contaminated area described in [Form F, table 1].

Supplementary information

[narrative]

4. Status and progress of programme(s) for the destruction of cluster munition remnants***

<i>Location</i>	<i>Status of destruction programme (if possible, including plans, time table and completion date)</i>	<i>Cluster munition remnants</i>		<i>Destruction method</i>	<i>Standards applied</i>	
		<i>Type</i>	<i>Quantity</i>		<i>Safety standards</i>	<i>Environmental standards</i>
		Total				

* If necessary, a separate table for each area may be provided.

** This table is only for use for those cluster munitions remnants that were not destroyed during a clearance programme (for example cluster munition remnants cleared and subsequently destroyed elsewhere or abandoned cluster munitions).

Supplementary information

5. Challenges and international assistance and cooperation needed for the implementation of article 4

<i>Activity</i>	<i>Description</i>	<i>Time period</i>	<i>Need</i>

Form G Measures to provide warning to the population and risk education

Article 7, paragraph 1

“Each State Party shall report to the Secretary-General ... on:

- (j) The measures taken to provide risk reduction education and, in particular, an immediate and effective warning to civilians living in cluster munition contaminated areas under its jurisdiction or control;”**

State [Party]: BOSNIA AND HERZEGOVINA

Reporting for time period from JAN 01, 2014 **to** DEC 31, 2014

1. Measures taken to provide risk reduction education

In the reporting period, mine/UXO risk education activities were continuously conducted and this also implies to the cluster munition.

2. Measures taken for effective warning of the population

79 urgent marking signs were placed on suspected area on cluster munitions.

NPA instructors conducted cluster munition awareness in municipalities of Bosansko Grahovo and Bosanska Krupa, where 54 persons were educated.

In this reporting period, total 35 MRE projects were realized, with 35.397 persons educated on mine and UXO hazards.

Form H Victim assistance: status and progress of implementation of the obligations under article 5

Article 7, paragraph 1

“Each State Party shall report to the Secretary-General ... on:

- (k) The status and progress of implementation of its obligations under article 5 of this Convention to adequately provide age- and gender-sensitive assistance, including medical care, rehabilitation and psychological support, as well as provide for social and economic inclusion of cluster munition victims and to collect reliable relevant data with respect to cluster munition victims;”**

State [Party]: BOSNIA AND HERZEGOVINA

Reporting for time period from JAN 01, 2014 **to** DEC 31, 2014

1. National focal point/coordination mechanism for the implementation of article 5 (specify name and contact information of government body responsible)

The forming process of the Working Group for Mine Victims Assistance and CCM is an ongoing operation, where we think that this independent Government body should be the right address for all action encompassed by assistance for CCM victims. Until this is completed, BH MAC is the body temporarily documenting information about CCM.

2. Data collection and assessment of the needs of cluster munitions victims (please indicate gender and age of survivors as well as information on affected families and communities)

According to the preliminary data in BiH, there are 225 cluster munition victims, out of which 44 fatalities and 181 injured. The procedure of data collection on cluster munition was not continued as planned due to financial issues. There are also 5 deminers who were cluster munition victims, out of which 4 deminers were injured and 1 deminer died. The data from BHMIC database cannot adequately present the victims in terms of age and sex. Also, information about victims' families are not complete. For a complete picture of the situation on cluster munition victims, it is necessary to start detailed analysis in the field. It is obvious that detailed data gathering on cluster munition victims is a necessity.

3. Development and implementation of national laws and policies for implementation of article 5

All victims of cluster munitions fulfill their rights under existing legislation in BiH. In addition to the clinical centers, hospitals and spas in BiH, there are 63 CBR centers for mental and physical rehabilitation opened in the community. Health insurance covers all costs for development of basic prosthetic devices, but more needs to be done in addressing the issue of noticeable difference in covering/participation in disability-related costs based on the origins and type of disability. As for this reporting period, there has been an improvement in regulations, which, amongst other, consider issues of mines/ERW and cluster ammunition: Regulation on pension and disability insurance, Regulation on social protection, Regulation on professional rehabilitation, enabling and employment of disabled persons and Regulation on health protection.

4. National plan and budget, including timeframes to carry out these activities

Currently, smaller national projects are being implemented in Bosnia and Herzegovina. Bosnia and Herzegovina with its entities implements standard procedures related to care on persons with disabilities. In these government programs, cluster munitions victims are equal with other disabled people and they receive help that is regulated by legal acts of governmental institutions for this field. Discrimination in this matter does not exist. In this reporting period, there were 3 completed mine/UXO victims' assistance projects, while 6 projects are still in their realisation phase. The goals of realised projects were:
 „Victim's alternative is independence"- educational programme for female victims and women householders with members who are mine/UXO victims. The goal was gaining competitiveness at the work market: „We economically enforce communities"- economic support for 20 mine/UXO victims in 5 municipalities in Republic of Srpska (hereinafter RS) through purchasing livestock, greenhouses, equipment for apiculture etc.
 „Humanitarian aid for flooded in Dobož"- aid for the victims of floods, between them mine/UXO victims. The aid was delivered as food packages and similar - 100 packages for mine/UXO victims).

Note: If necessary, plans/budgets may be provided separately.

5. Efforts to closely consult with and actively involve cluster munition victims and their representative organisations in victim assistance planning and implementation

Government and NGO sectors are also involved in the coordinative body for mine/UXO/cluster munition victim assistance. Government sectors and NGOs are also involved in the victim assistance coordinative body for mine/UXO and cluster munition. The primary task of victim assistance group is to promote problems of the victims, as well as to coordinate implementation of the mine victims assistance projects invested in BiH by donors' community.

6. Assistance services (including medical care, physical rehabilitation, psychological support, and social and economic inclusion)

<i>Type of service (medical care, physical rehabilitation, psychological support, social and economic inclusion)</i>	<i>Implementing agency</i>	<i>Description of service (progress, types of services, number of persons assisted, time period)</i>
All citizens of BiH as well as victims of cluster munitions are subject to the rights to health insurance under applicable legislation in BiH. Within this basic insurance, there are also covered basic rights of all victims of mine / UXO / cluster munitions for prosthetic devices.	Social institutions, hospitals, clinical centers, CBR centers, rehabilitation centers.	

7. Steps taken to mobilize national and international resources

Apart from rights mine/ERW/Cluster ammunition victims have in accordance to the existing regulations (disability pensions, prosthetics, rehabilitation etc), this area has also been supported by donors through their help in implementing the projects of Mine/ERW/Cluster ammunition Assistance, and the NGO sector.

8. Needs for international assistance and cooperation

<i>Activity</i>	<i>Description</i>	<i>Time period</i>	<i>Need</i>
Upgrade of cluster munition victims database	Project implemented by NGO NPA merely documented cluster munition victims; in order for proper function of the database, it is necessary to create a detailed review of the victims' status. It implies completion of a several basic question groups such as: accurate address, identification data, type of injury, social status	2014	Financial funds necessary for filling in the information on victims in the entire Bosnia and Herzegovina.
		2015-2016	Projects from inclusion area are necessary

9. Efforts undertaken to raise awareness of the rights of cluster munition victims and persons with other disabilities

As for the Government Sector, it continuously provides support to Mine/ERW/Cluster ammunition victims. BHMACH presents a coordination body of all the participants in the process of Mine/ERW/Cluster ammunition assistance in Bosnia and Herzegovina. Coordination working group stated the necessity of forming a working group as an independent body, which will deal with coordination in PCCM in Bosnia and Herzegovina. This process has been presented to Government authorised bodies and results are expected. In accordance to that, we presume PCCM to be intensified. Awareness raising activities are also implemented by the civil society organizations through organization of various activities. NGOs are active in projects on inclusion of discrimination against persons with disabilities, as well as promotion of relief for employers when employing people with disabilities. Also, every year all the media actively participate in marking of August 1st (the International Day of CCM), April 4th (the Mine Action Day), December 3rd (the International Day of Persons with Disabilities).

Form I National resources and international cooperation and assistance

Article 7, paragraph 1

“Each State Party shall report to the Secretary-General ... on:

- (m) The amount of national resources, including financial, material or in kind, allocated to the implementation of articles 3, 4 and 5 of this Convention; and
- (n) The amounts, types and destinations of international cooperation and assistance provided under article 6 of this Convention.

State [Party]: BOSNIA AND HERZEGOVINA

Reporting for time period from JAN 01, 2014 to DEC 31, 2014

[Narrative:] Not applicable

1. National resources allocated

<i>Activity</i>	<i>Sector (stockpile destruction, clearance, risk education, victim assistance, advocacy)</i>	<i>Amount of national resources (list currency)</i>	<i>Type of resources (e.g. financial, material, in kind)</i>
<p>B&H developed and adopted Standard for mines/UXOs removal has been added chapter 16 referring to removal of cluster munitions.</p> <p>B&H developed and adopted Standing Operational Procedures for general survey of the areas affected by cluster munitions.</p>			

2. International cooperation and assistance provided

<i>Destination</i>	<i>Sector (stockpile destruction, clearance, risk education, victim assistance, advocacy)</i>	<i>Amount (list currency)</i>	<i>Type of cooperation or assistance (financial, material or in kind)</i>	<i>Details (including date allocated, intermediary destinations such as trust funds, project details, timeframes)</i>

3. International cooperation and assistance needed

(a) For the implementation of article 3: Stockpile destruction

<i>Activity</i>	<i>Description</i>	<i>Time period</i>	<i>Need</i>

(b) For the implementation of article 4: Clearance and risk education

<i>Activity</i>	<i>Description</i>	<i>Time period</i>	<i>Need</i>

(c) For the implementation of article 5: Victim assistance

<i>Activity</i>	<i>Description</i>	<i>Time period</i>	<i>Need</i>

4. Assistance provided by State Parties to another State for cluster munitions used/abandoned prior to entry into force, as outlined in article 4 paragraph 4

State Parties that have used our abandoned cluster munitions which have become cluster munition remnants located in areas under jurisdiction or under control of another State Party are STRONGLY ENCOURAGED to provide assistance to the latter State Party to facilitate the marking, clearance and destruction of such cluster munition remnants.

[such assistance shall include, where available, information on types and quantities of cluster munitions used, precise locations of cluster munitions strikes and areas in which cluster munition remnants are known to be located)

Form J Other relevant matters

Remark: States Parties may use this form to report voluntarily on other relevant matters, including matters pertaining to compliance and implementation not covered by the formal reporting requirements contained in article 7.

State [Party]: BOSNIA AND HERZEGOVINA

Reporting for time period from JAN 01, 2014 **to** DEC 31, 2014

Narrative / reference to other reports

Note: Form J can be used to report, on a **voluntary** basis, on the efforts to encourage States not parties to join the Convention on Cluster Munitions, and to notify such States of Convention obligations as outlined in article 21.
