Dear Sir/Madam,

Reference is made to resolution 70/33 entitled “Taking forward multilateral nuclear disarmament negotiations”, adopted by the General Assembly on 7 December 2015.

You will recall that pursuant to operative paragraphs 2 and 3 of the resolution, the General Assembly decided to establish an open-ended working group to substantively address concrete effective legal measures, legal provisions and norms that will need to be concluded to attain and maintain a world without nuclear weapons, as well as recommendations on other measures that could contribute to taking forward multilateral nuclear disarmament negotiations, including but not limited to (a) transparency measures related to the risks associated with existing nuclear weapons; (b) measures to reduce and eliminate the risk of accidental, mistaken, unauthorized or intentional nuclear weapon detonations; and (c) additional measures to increase awareness and understanding of the complexity of and interrelationship between the wide range of humanitarian consequences that would result from any nuclear detonation.

The working group will convene in Geneva in 2016 for up to fifteen working days, with the participation and contribution of international organizations and civil society, in accordance with established practice, and shall hold its organizational session as soon as possible.

Against this background, I am pleased to inform you that the open-ended working group will hold its organizational session on 28 January 2016 at 10:00 hours in Conference Room XIX of the Palais des Nations, United Nations Office at Geneva and to invite your Organization to participate in the work of the group.
