¹ Notes on using the cover page:

1. The cover page could be used as a **complement** to submitting detailed forms adopted at the [First and Second] Meetings of the States parties in instances when the information to be provided in some of the forms in an annual report is the same as it would be in past reports. That is, when using the cover page, only forms within which there is new information would need to be submitted.
2. The cover page could be used as a **substitute** for submitting detailed forms adopted at the [First and Second] Meetings of the States parties only if all of the information to be provided in an annual report is the same as in past reports.
3. If an indication is made on the cover sheet that the information to be provided with respect to a particular form would be unchanged in relationship to a previous year's form, the date of submission of the previous form should be clearly indicated.

- The Prosthetic Center at Dicle University in Diyarbakır has been operating as a self-sustainable care center to fit prosthetics and train amputees since 2001, free of charge. The number of the civilian landmine victims (amputees) fitted at the Center in 2008 is 8.
- Civilians including mine victims also receive treatment at military hospitals as well as several state and university hospitals. The procedures outlining how civilians can apply for treatment for rehabilitation are described in the internet websites of the Gülhane Military Medical Academy (GATA) and the Turkish Armed Forces Rehabilitation and Care Centre.
- The Turkish Armed Forces Rehabilitation and Health Care Centre was opened in April 2000.
- The Centre spans an area of 328,000 square meters and includes a 200-bed rehabilitation hospital, a 50-bed permanent nursing home, and a 50-bed guest house. The Centre also has exercise rooms, pools as well as modern, sophisticated laboratories and workshops in which all kinds of orthosis and prosthesis can be manufactured.
- The Centre also provides physical therapy, hydrotherapy, occupational therapy, vocational rehabilitation and speech therapy.
- Civilians, including mine casualties, can and do receive treatment at military hospitals as well as several State and University Hospitals. *The Turkish Armed Forces Rehabilitation and Care Centre* reserves 30 percent of its patient quota for civilians. Furthermore, those civilians who are already under rehabilitation in different hospitals may always receive further treatment at this Centre when regional facilities fall short of addressing their needs.
