I. Introduction

1. The First Review Conference of the High Contracting Parties to the Convention on Prohibitions or Restrictions on the Use of Certain Conventional Weapons Which May Be Deemed to Be Excessively Injurious or to Have Indiscriminate Effects (CCW) agreed, inter alia, that “future review conferences should be held more frequently, with consideration to be given to holding a review conference every five years.” (CCW/CONF.I/16, Part I, Annex III, Final Declaration, Article 8)

2. The Second Review Conference of the High Contracting Parties to the Convention agreed, inter alia, that future Review Conferences should continue to be held on a regular basis. In this connection, the Conference decided, consistent with Article 8.3(c) of the Convention, “to convene a further Conference five years following the entry into force of the amendments adopted at the Second Review Conference, but in any case not later than 2006, with preparatory meetings starting as early as 2005, if necessary.” (CCW/CONF.II/2, Part II, Final Declaration, Article 8)

3. At its sixtieth session, the General Assembly of the United Nations, in operative paragraph 8 of its resolution 60/93 of 6 January 2006, inter alia, recalled the decision of the High Contracting Parties to convene a further conference not later than 2006; requested that the Conference be held in November 2006 in Geneva and be preceded by as many preparatory meetings as deemed necessary; and also requested the Meeting of the States Parties on 24 and 25 November 2005 to take a final decision on these matters. Furthermore, in operative paragraph 9 of its resolution 60/93, the General Assembly noted that, “in conformity with Article 8 of the Convention, the Third Review Conference may consider any proposal for amendments to the Convention or the Protocols thereto as well as any proposal for additional protocols relating to other categories of conventional weapons not covered by existing protocols to the Convention.”

4. Following the decision of the Second Review Conference and the recommendation of United Nations General Assembly resolution 60/93, the Meeting of the States Parties to the Convention (Geneva, 24 and 25 November 2005) decided, as contained in paragraphs 26, 27 and 29 of CCW/MSP/2005/2, to convene the Third Review Conference of the High Contracting Parties to the Convention from 7 to 17 November 2006 at Geneva in conjunction with the Eighth Annual Conference of the High Contracting Parties to Amended Protocol II. In this connection, the Meeting of the States Parties decided to commission follow-up work under the oversight of the President-designate of the Third Review Conference of the High Contracting Parties to the Convention, and that all necessary preparations for the Third Review Conference be undertaken within the framework of the existing Group of Governmental Experts. The Meeting of the States Parties also approved the estimated costs of the Third Review Conference and the three sessions of the Group of Governmental Experts in 2006, as contained in paragraph 39 of CCW/MSP/2005/2.
5. The 2005 Meeting of the States Parties unanimously decided, as contained in paragraph 38 of CCW/MSP/2005/2, to designate Ambassador François Rivasseau of France as President of the Third Review Conference of the High Contracting Parties to the Convention to be held in 2006. In this connection, the Meeting of the States Parties agreed that “the principle of equitable geographical rotation among the regional groups shall be ensured when addressing the presidency of future Review Conferences” of the High Contracting Parties to the Convention.

6. The Meeting of the States Parties decided, as contained in paragraph 30 of CCW/MSP/2005/2, that the Working Group on Explosive Remnants of War would continue its work in the year 2006 with the following mandate:

   “To continue to consider, including through participation of legal experts, the implementation of existing principles of International Humanitarian Law and to further study, on an open-ended basis, with particular emphasis on meetings of military and technical experts, possible preventive measures aimed at improving the design of certain specific types of munitions, including sub-munitions, with a view to minimising the humanitarian risk of these munitions becoming explosive remnants of war. Exchange of information, assistance and co-operation would be part of this work. The Group will report on the work done to the Third Review Conference in 2006.”

7. The Meeting of the States Parties decided, as contained in paragraph 31 of CCW/MSP/2005/2, that the Working Group on Mines Other Than Anti-Personnel Mines would continue its work in the year 2006 with the following mandate:

   “a) To continue to consider all proposals on Mines Other Than Anti-Personnel Mines put forward since the establishment of the Group of Governmental Experts with the aim of elaborating appropriate recommendations on Mines Other Than Anti-Personnel Mines for submission to the Third Review Conference in 2006.

   b) Meetings of military experts shall also be conducted to provide advice on these activities.”

8. The Meeting of the States Parties decided, as contained in paragraph 32 of CCW/MSP/2005/2 that the President-designate shall undertake consultations during the intersessional period on possible options to promote compliance with the Convention and its annexed Protocols, taking into account proposals put forward, and shall submit a report, adopted by consensus, to the High Contracting Parties.

9. The Meeting of the States Parties decided, as contained in paragraph 33 of CCW/MSP/2005/2, that the President-designate shall undertake consultations during the intersessional period on the possibility to establish a sponsorship programme under the Convention and on the modalities of such a sponsorship programme, and shall report to the High Contracting Parties.

10. The Meeting of the States Parties decided, as contained in paragraph 35 of CCW/MSP/2005/2, to recommend that the Secretary-General of the United Nations, as Depositary of the Convention and its annexed Protocols, and the President-designate, on behalf
of the High Contracting Parties, exercise their authority to achieve the goal of universality of the Convention and its annexed Protocols.
