Slovakia possesses the capability for destruction of ammunition and mines by a non-explosive and environmentally friendly technology.

SLOVAKIA’S PARTICIPATION IN MINE CLEARANCE OPERATIONS

Slovak military units participating in mine clearance operations are currently deployed:

a) Since August 2003 in NATO military operation IRAQI FREEDOM in Iraq - engineering unit in the actual strength of 104 troops (mine and UXO clearance).

b) Since June 2004 in ISAF – Afghanistan, EOD Team in the actual strength of 17 troops (mine and UXO clearance, engineering support for the NATO units within its area of responsibility).
Slovak activities in mine and UXO clearance programs in above mentioned missions during 2005

a) Slovak Engineering Unit in the planned strength of 105 troops (real strength is currently 104) participated in 2005 in NATO military operation IRAQI FREEDOM in Iraq. This mission started on July 29, 2003. The Slovak unit consists of three mine clearance teams (approx. 30 men) which are tasked to clear the mined areas and roads. The mine clearance is conducted using indigenous technical means. Slovak deminers verify manually the areas previously demined by technical means. Slovakia continues its participation in IRAQI FREEDOM also in 2006. Mandate for this mission is based on the UN Security Council resolutions 1483 (2003) and 1511 (2003). Financial expenses for the reporting period (1. 1. – 31. 12. 2005) amounted to 185 483 166 Sk – approximately 4 882 000 Euros.

Tasks fulfilled by the unit in 2005:

b) Slovakia started operating its mission in the frame of ISAF - NATO operation in AFGANISTAN on June 1, 2004. Mandate for this mission is based on the UN Security Council resolution 1361 (2001). Its mission is to clear the mined areas and roads in the particular area of responsibility. Currently, there is one EOD Team consisting of 16 troops. It is probable that in the near future there will be an increase of the planned strength up to 57 troops. Financial expenses for the reporting period (1. 1. – 31. 12. 2005) amounted to 32 991 880 Sk – approximately 868 208 Euros.
