India supports the UN vision of *'a world free of the threat of landmines and unexploded ordnance where individuals and communities live in a safe environment conducive to development, and where mine survivors are fully integrated into their societies'*.

It is toward achieving this end that India has ratified the Amended Protocol II and has adopted and implemented all measures necessary to adhere to the provisions contained therein.

During the current year India has continued to undertake and implement numerous measures toward fulfilling its obligations under the Amended Protocol II.

Technical Cooperation and Assistance

As part of technical cooperation and assistance at the international level, an Indian Army training team imparted training on UN demining procedures to the Royal Cambodian Armed Forces (RCAF) from 09 August 2010 to 28 August 2010 in Cambodia. Cambodian troops trained by the team were thereafter deployed for demining operations on Cambodia – Thailand Border. This training is being imparted annually, since 2007, on the request of the Cambodian authorities.
