☐ additional information on measures taken on international technical cooperation and assistance is contained in the National Report provided pursuant to paragraph 2 (b) of Article 10 of Protocol V for the year: [ ]

International technical co-operation, including relevant experiences in seeking or providing technical assistance and cooperation:

Since 1994 the National Army of the Republic of Moldova has actively been participating in various international activities organized within the framework of the Partnership for Peace Program. The specialists from engineer units are involved in the process of military cooperation with the militaries of other countries. It positively contributed to the increase of their proficiency. Exchanges of information on mines and mine clearance methods is one of the essential parts of the above mentioned activities.

International technical assistance:

On 28th of June 2001, the Republic of Moldova and NATO signed an Agreement for assistance in the destruction of the stockpiles of antipersonnel mines. The Agreement envisaged the providing of material assistance and training by NATO’s Maintenance and Supply Agency (NAMSA) for the project implementation. Thus, within the period of 23 September – 26 November 2002 with NAMSA’s assistance the Republic of Moldova has destroyed 13194 antipersonnel mines and therefore, has destroyed all its stockpiles of antipersonnel mines.

Any other relevant information:

Within the period of September 2003 – January 2008 the Explosive Ordnance Disposal Units of the National Army were deployed to Iraq for mine, UXO and Improvised Explosives Devices (IED) clearance and disposal. As a result, more than 486 812 mines, UXO and IED were destroyed.
