CONVENTION ON CERTAIN CONVENTIONAL WEAPONS

NÃO CLASSIFICADO
FORM A: Steps taken to implement Article 3 of the Protocol: Clearance, removal or destruction of explosive remnants of war

High Contracting Party: PORTUGAL

Reporting for time period from: 01/01/2008 to 31/12/2008

Steps taken to implement the provisions of Article 3:
The Portuguese territory is not affected by explosive remnants of war (ERW). However, during the reporting period, Portugal joined international missions where there is a strong possibility of encountering ERW. In case ERW are found, Portugal will participate in the marking, clearing, removal and destruction of all abandoned explosive ordnance and other ERW.

Any other relevant information:

NIL

CONVENTION ON CERTAIN CONVENTIONAL WEAPONS
FORM B: Steps taken to implement Article 4 of the Protocol: Recording, retaining and transmission of information

High Contracting Party: PORTUGAL

Reporting for time period from: 01/01/2008 to 31/12/2008

[dd/mm/yyyy] [dd/mm/yyyy]

Steps taken to implement the provisions of Article 4 and the Technical Annex:

If for some reason unexploded explosive ordnance or ERW are left behind, the Portuguese Forces will dedicate special attention to record and retain information on its use. Detailed information will be kept in order to facilitate the marking, removal and destruction of the ERW. This information will be provided to the authorities in control of the territory, including the local authorities and the civilian population.

Any other relevant information:

NIL

CONVENTION ON CERTAIN CONVENTIONAL WEAPONS
FORM C: Steps taken to implement Article 5 of the Protocol: Other precautions for the protection of the civilian population, individual civilians and civilian objects from the risks and effects of explosive remnants of war

High Contracting Party: PORTUGAL

Reporting for time period from: 01/01/2008 to 31/12/2008
[dd/mm/yyyy] [dd/mm/yyyy]

Steps taken to implement the provisions of Article 5 and the Technical Annex:

All the activities undertaken by the Portuguese Forces concerning ERW will have as a primary focus the protection of the civilian population. This entails the appropriate marking and warnings and may include other activities such as briefings to civilians, fencing and, in some situations, evacuations.

Any other relevant information:

NIL

CONVENTION ON CERTAIN CONVENTIONAL WEAPONS
FORM D: Steps taken to implement Article 6 of the Protocol: Provisions for the protection of humanitarian missions and organizations from the effects of explosive remnants of war

High Contracting Party: PORTUGAL

Reporting for time period from: 01/01/2008 to 31/12/2008

Steps taken to implement the provisions of Article 6:

The Portuguese Armed Forces actively provides for the protection of humanitarian missions and organizations from the effects of ERW in the same terms as mentioned in Form C.

Any other relevant information:

NIL

CONVENTION ON CERTAIN CONVENTIONAL WEAPONS
FORM E: Steps taken to implement Article 7 of the Protocol: Assistance with respect to existing explosive remnants of war

High Contracting Party: PORTUGAL

Reporting for time period from: 01/01/2008 to 31/12/2008

Steps taken to implement the provisions of Article 7:
N/A

Any other relevant information:

CONVENTION ON CERTAIN CONVENTIONAL WEAPONS
FORM F: Steps taken to implement Article 8 of the Protocol: Co-operation and assistance

High Contracting Party: PORTUGAL

Reporting for time period from: 01/01/2008 to 31/12/2008

Steps taken to implement the provisions of Article 8:
Currently there are no co-operation and assistance programs in place.

Any other relevant information:
NIL

CONVENTION ON CERTAIN CONVENTIONAL WEAPONS
FORM G: Steps taken to implement Article 9 of the Protocol: Generic preventive measures

High Contracting Party: PORTUGAL

Reporting for time period from: 01/01/2008 to 31/12/2008

Steps taken to implement the provisions of Article 9 and the Technical Annex:

Safety measures are implemented and good practices are respected during the life-cycle of explosive ordnance.

1. Munitions manufacturing
   - Portugal has no military explosive and munitions production capability.

2. Munitions management
   - Storage
     - The storage of military explosive ordnance in Portugal is regulated by the NATO publication AASTP-1 "Manual of NATO safety principles for the storage of military ammunition and explosives" and by all the publications, STANAG's and other documents referred in this manual.
   - Transport
     - The transportation of ammunition is regulated by the following documents:
       - AASTP-2, "Manual of NATO safety principles for the transport of military ammunition and explosives"
       - Land Transportation: National Law: "Regulamento Nacional do Transporte de Mercadorias Perigosas por Estrada – RPE". This law is the Portuguese version of the ADR/RDI;
       - Air Transportation: ICAO-TI and IATA-DGR;
       - Transportation by sea: IMDG/GOVsea.

3. Training
   - All personnel involved in the handling, transport and use of explosive ordnance have to be technically qualified.
   - EOD personnel require special training.
   - The reliability of explosive ordnance is taken into account in the procurement phase.
