- Challenges
Swiss Mine Action Strategy 2012-15

- The Vision
- The Guiding Principles
- The Main Partnerships
Priorities of Switzerland as a donor country

• Four Strategic Objectives (=Priorities)
  • To strengthen the implementation and universalisation of relevant instruments
  • To alleviate the suffering and to improve the living conditions of populations
  • To enhance the integration of mine action into other relevant policy fields and operational activities; and develop instruments for the measurability of change.
  • To contribute proactively to new instruments, policies and activities in mine action and in related areas
Activities in 2013
