ordnance clearance action programme, in 2013 the New Zealand Aid Programme contributed NZ\$600,000 for a UNDP project to develop agriculture in previously mined land in Egypt. This concluded in 2015

International Committee of the Red Cross (ICRC)

The New Zealand Aid Programme provides NZ\$2.5 million each year in untagged core funding to support ICRC's work, including physical rehabilitation and preventative unexploded ordnance action programmes which focus on risk reduction, education and advocacy work. Those programmes aim to reduce the human cost of mines and explosive remnants of war.

Other international/UN agencies

The New Zealand Aid Programme also prioritises core funding to other UN agencies such as UNICEF, UNDP, UNHCR, OCHA, OHCHR and WFP, all of which undertake some aspect of mine action work. Funding is also directed to the World Bank, which helps to address the long-term consequences of landmines on economic and social development.
