FORM C Steps taken to implement Article 5 of the Protocol: Other precautions for the protection of the civilian population, individual civilians and civilian objects from the risks and effects of explosive remnants of war

High Contracting Party: **The Kingdom of Norway**

Reporting for time period from **12 November 2007** to **31 May 2008**

Steps taken to implement the provisions of Article 5 and the Technical Annex

Measures set forth in Article 5 and part two of the technical annex pertains to Norwegian contributions in international operations. The measures to be taken are and will be an integral part of preparation, planning and conduct of operations by Norwegian military forces. This forms an important part of Force Protection. Equally important is the Norwegian financial support to Non Governmental Organizations involved in clearing of mines and other explosive remnants of war and support to the civilian society of affected areas in general.

FORM D Steps taken to implement Article 6 of the Protocol: Provisions for the protection of humanitarian missions and organizations from the effects of explosive remnants of war

High Contracting Party: **The Kingdom of Norway**

Reporting for time period from **12 November 2007** to **31 May 2008**

Steps taken to implement the provisions of Article 6

It follows from what was reported above under Article 5 that co-operation and coordination between Norwegian military forces in an operations area and all civilian parties is crucial to meeting the requirements of this paragraph. Exchange of information on all ERW located in the operations area plays an important role and will be an integral part of that co-operation and coordination.
