<sup>1</sup> Pursuant to the relevant decision of the First Conference of the High Contracting Parties to CCW Protocol V, this cover page could be used as a **complement** to submitting the detailed reporting forms adopted at the First Conference of the High Contracting Parties to CCW Protocol V in case there is no substantial change in the ERW situation, as a result of a conflict or of the measures undertaken in compliance with the provisions of Protocol V, and when the information to be provided in some of the forms in an annual report is the same as it would be in past reports.

**FORM E** Steps taken to implement Article 7 of the Protocol: Assistance with respect to existing explosive remnants of war

High Contracting Party: ESTONIA

[Reporting for time period from 11.02.2010 to 31.12.2010]

Steps taken to implement the provisions of Article 7

Estonia continues to contribute financially to the United Nations Voluntary Trust Fund for Mine Action. In 2010 Estonia's contribution was 4 000 USD.

From 2007 – 2009, Estonia was one of the lead nations of NATO/PfP Georgia II Trust Fund for the demilitarization of rockets and missiles in Georgia. The project comprised the demilitarisation of S-8 Air to Surface unguided missiles, and Alazan and Kristall anti-hail rockets. The cost of the project was EUR 478,214. Estonia contributed to the project EUR 30,000.

In the fall of 2009 NATO/PfP Trust Fund project on ERW including anti-personnel land mines' clearance and medical rehabilitation support to Georgia (NATO/PfP Georgia III Trust Fund) was launched. The lead nations of the project are Estonia, Lithuania and the Czech Republic. The objectives of the project are the development and enhancement of Georgia's Explosive Ordnance Disposal (EOD) capacity, through the provision of specialist EOD equipment and training to the Georgian Armed Forces and the provision of the establishment of a physical rehabilitation centre at the Military Hospital in Gori. The training contract has been awarded to ANAMA training centre in Azerbaijan and the training of the first company started in March 2011.

The cost of the project has been evaluated by NAMSA at EUR 2,600,000 and implementation is estimated at 15 months. Estonia's contribution to date has been EUR 60,000.
