Introduction

1. The present document is a summary of the financial contributions of the four disarmament Conventions. Its purpose is to illustrate the impact that unpaid receivables have on the cash available to conduct current conferences.
2. The Summary table below shows the cash available to the Conventions as a result of Member State contributions and the total unpaid contributions.
3. Annex I presents a breakdown of the outstanding receivables by Member State and by Convention.
4. Annexes II to V present a breakdown of the outstanding receivables by Convention, by Member State and by year of conference.

1. **Net cash balance for 2000-2015 conferences** represents the invoices that have been issued to Member States for previous years conferences but have not been paid.
2. **2016 Assessed contributions still due from Member States** represents the total of unpaid 2016 assessed contribution invoices less overpayments from member states.
3. **Net cash received by Conventions** represents the cash available to the United Nations to hold current meetings. For 2016 conferences, the estimated meeting costs are equivalent to the **Assessed contributions billed to Member States**, totalling \$4,154,300.00. Unpaid receivables reduce this cash to \$4,554,951.28.
4. CCW and OTW have a resulting deficit of \$140,765.51 and \$82,559.38 respectively in the cash required to cover the remaining costs originally budgeted for 2016. As a result, cost cutting measures were taken to reduce the costs of the final meetings of 2016 to within the actual funds available. BWC and CCM have a net cash surplus for the 2016 costs of \$409,396.01 and \$214,580.16 respectively, as a result of the overpayments.
5. **It is critical to note that if all contributions are not received by the time the UN has to make payments for future conference costs, the UN will be unable to host those conferences in line with the budgeted scope.**
