Accessibility in Geneva 37
Foreword

Improved accessibility for persons with disabilities to the work of the human rights mechanisms is both a priority and a deliverable in the specific thematic strategy of my Office. Enhanced accessibility is also part of the global management output for the whole Office to increase and strengthen our effectiveness in supporting the human rights mechanisms over the next four years (2014-2017).

As provided in article 9 of the Convention on the Rights of Persons with Disabilities:

Accessibility enables persons with disabilities to live independently and participate fully in all aspects of life, on an equal basis with others, to the physical environment, to transportation, to information and communications, including information and communications technologies and systems, and to other facilities and services open or provided to the public, both in rural and urban areas.

This practical guide aims to enable persons with disabilities to access the Human Rights Council and participate in its work on equal terms with others. The publication of this guide coincides with our celebrations of the 20th anniversary of the Office and we hope that it will be one modest but significant step towards enhancing awareness amongst everyone on the rights of persons with disabilities.

We all have a role to play in making the UN accessible to all people, including persons with disabilities. This guide provides us with the opportunity to continue working towards a more inclusive society.

Navi Pillay
United Nations High Commissioner for Human Rights
December 2013
Introduction

Accessibility for persons with disabilities is a priority for the Human Rights Council. In March 2011, the Council established a Task Force on Secretariat Services, Accessibility for Persons with Disabilities and the Use of Information Technology, who formulated concrete recommendation on how to enhance accessibility for persons with disabilities to the Council’s work. Since then, the Council has made significant progress. Throughout this year, the Task Force has continued to work constructively with all relevant stakeholders. However, some recommendations to further enhance accessibility still need to be implemented and the Council will continue to closely follow-up on this matter. Awareness raising efforts should not stop.

Remigiusz A. Henczel,
President of the Human Rights Council
Seventh Cycle (2013)
The Human Rights Council can and should do more to make the legal obligation under Article 9 of the Convention on the Rights of Persons with Disabilities a reality. With the support of the Office of the High Commissioner of Human Rights, no effort will be spared in our determination to fulfil the provisions of the Convention. To this end, we will continue working with other UN agencies and civil society organizations to further promote the right of persons with disabilities.

About this Guide

This guide has been written to provide participants with disabilities information about accessibility to the Human Rights Council (“Council” or “HRC” will be used throughout this guide). The guide lays out the procedures that have been put in place by the Human Rights Council Secretariat in collaboration with the United Nations Office at Geneva (UNOG) to enable persons with disabilities to participate with ease in the Council sessions.

While the UNOG is committed to improving physical accessibility of Palais des Nations but this heritage building is not fully accessible yet. Therefore this guide also highlights a selection of the best accessible routes that can be used to access the various facilities in the building.

At the Human Rights Council Secretariat, we are constantly working towards improving the quality of accessibility to enable participation for persons with disabilities at the Council sessions.

An Accessibility Focal Point of the Human Rights Council Secretariat is available to answer any queries.

Your feedback is important for us to evaluate and improve. The guide and feedback form are available at the following dedicated web page on Accessibility www.ohchr.org/hrc/accessibility. Please complete and return the feedback form to the Accessibility Focal Point.

The work of improving accessibility at the Council sessions is very much in progress. We do hope to regularly revise this guide as more progress is made.

Requesting accommodation

As per the General Assembly resolutions UNOG is responsible for making provisions for International Sign, captioning and Braille services to the sessions of the Committee on the Rights of Persons with Disabilities and to its pre-sessional Working Group. It also makes provisions for the accessible Panels of the Human Rights Council as mandated by HRC resolutions and supported by an oral statement of financial implications. These are announced in advance on the web page on Accessibility; www.ohchr.org/hrc/accessibility

Any additional request for the provision of accessibility services would need to be discussed with the Accessibility Focal Point, and are subject to extra-budgetary funding and availability of resources.

While there is no extra budget presently available to provide most reasonable accommodation services, the Council Secretariat is committed to supporting participants with disabilities by finding ways of providing reasonable accommodation at the Council sessions. Services that can be made available during meetings of the Human Rights Council include:

- International Sign and captioning; Since both these services are procured from external service providers, significant efforts for budgetary resource and planning are required to be undertaken by the Council Secretariat. Please inform the Accessibility Focal Point in writing at least three months in advance of the meeting you are planning to attend.
UNOG has arrangement for providing hearing loops and embossing of your oral statement in Braille during meetings of the Human Rights Council.

If you are a person with a disability or require accommodation, please check the box on page 1 of the UNOG Conference Registration Form and complete Annex 1, even if you have an annual photo badge.

- Email the UNOG Conference Registration Form, together with the letter of request for accreditation, if necessary, to the Council Secretariat (email: hrcaccreditation@ohchr.org); with copy to the Accessibility Focal Point (email: tfaccessibility@ohchr.org) at least two days in advance of the meeting you are planning to attend.

If a support person such as a personal assistant or a sign language or International Sign interpreter(s) will accompany you, please attach in a single email the scanned copies of:

- the letter of request for accreditation including your name and the name of the support person, and
- the UNOG Conference Registration Form, duly completed by yourself, including Annex 1;
- separate UNOG Conference Registration Form for the support person, if applicable;
- mark in the subject line of your email “Accessibility arrangements: HRC session number __”;

We are unable to confirm provision of accommodation in the case of on the spot registration, i.e. if you do not inform us in advance of your arrival. However, you can contact the Accessibility Focal Point of the Secretariat of the Council in Room 20 during the session.
Using the public gallery

If you do not wish to be accredited as a participant, or if you do not belong to any of the categories of participants, you can observe the proceedings from the public gallery, situated above the main conference Room 20. Access to the public gallery is granted to individuals or groups depending on the availability of seating and other circumstances. You need to send a request by email to the Council Secretariat (hrcaccreditation@ohchr.org) 24 hours in advance of the meeting you are planning to attend with the following information:

- Date(s) of the visit;
- Purpose of the visit; and
- Full name(s) of those wishing to attend (if a group of more than five, please submit full names in an Excel file attached to the email request).

Please note that there is no specific seating reserved for wheelchair users in the public gallery. While access to the gallery is step free, wheelchair users may find it difficult to access the earphones for listening to the meeting. The monitors displaying the speaker and their names are not visible in the public gallery.
About Room 20

Room 20 is a round shaped room with a distinct ceiling sculpture made by the contemporary Spanish artist Miquel Barceló. The podium is located right opposite the main entrance. Seating in room 20 is organised in alphabetical order (French language) starting from the left-hand side of the room to the right-hand side. The first three rows in front of the podium are occupied by the member States of the Council. The remaining rows are for observer States of the Council, and other observers, including inter-governmental organizations, and UN specialized agencies. Observers for non-governmental organizations (NGOs) are seated in the last row. Towards the left as you enter room 20, along the periphery are additional seats for NGOs and the media. The UNOG Conference officers and the Council Secretariat are seated on the right periphery.

While equipped with the latest technology, Room 20 is not the most accessible room for persons with disabilities. However, four seats are reserved for participants with disabilities in the last (seventh) row. Each of these seats has a device for listening to the meeting.

If you have requested hearing loops in Annex 1 of your UNOG Conference Registration Form (see section on Requesting Accommodation), you can collect them from the Accessibility Focal Point, during the session at the Secretariat desk in room 20.
Directions to room 20: Room 20 is located in building E, door 40, level 3. After getting your badge at Pregny Gate building, use the lift or the stairs to go down to level RI (rez inferieur in French or lower ground). Exit the lift or the stairs and walk straight out of the automatic sliding door and out of the building.

Then follow the signage for guided tours leading to door E39. Door E40 is just after that.

Go straight and cross the road over the pedestrian crossing. Then turn left and follow the sidewalk. After about 50 meters there is another pedestrian crossing. Cross and continue straight for about another 30 meters until you reach door E40 of building E from where you can enter the building through the automatic sliding doors. The sliding doors are to the left of the first rotating door when you arrive at door 40.

The building E entrance lobby is on level 2 of the building. To get to Room 20, you need to take lift number E47, which is located at the rear wall diagonally towards the left from the entrance, behind the steel finish staircase. (Lift E47 has Braille on the control panel buttons.) Room 20 is located on level 3 next to the lift towards the left.

Persons with visual impairments may prefer to use the small lift directly to the right of door 40 upon entering as it announces the floors.
Printing of oral statements, and embossing in Braille

The Human Rights Council is committed to promote the use of electronic media and provide participants with electronic access to meeting programmes, agendas, documents and statements.

To facilitate the work of participants, **public computers are available next to the Serpent Bar and in the Library** (see section on Accessibility and way-finding in Palais des Nations). The computers available for public use are not yet configured with screen readers. Both these locations include a facility to print a limited amount of printouts per person.

You can have your **oral statement embossed in Braille** from any of the six official UN languages.

- Email your oral statement to the UNOG Printing Office (email: embossing@unog.ch); with copy to the Accessibility Focal Point (email: tfaccessibility@ohchr.org) at least one hour in advance of the meeting you are planning to deliver it. Large documents can take longer to emboss.

- In the email attach ready to emboss file transcribed in Duxbury format, configured to print 32 characters per line and 27 lines per page (contact the UNOG Printing Office at least a day in advance, if you require assistance to configure the Duxbury software);

- Mark in the subject line of your email “Braille embossing for [theme and date of plenary meeting in which you are making an oral statement]: HRC session number ___”;
The UNOG Printing Office is unable to verify the Braille version once embossed. You can collect the Braille document from the Document distribution counter located at building E, second floor, near door 40 entrance.

**Directions to the Printing Office** located in building E, level RC (rez-de-chaussée in French, ground floor). Take lift number E47 (which is opposite the entrance to room 20 on the third floor) down to level RC. Once out of the lift turn left and walk straight enter double transparent doors, and then continue straight to office E-48 nearly at the end of the room.

**Hard copies of documents available at the Document distribution counter**

Hard copies of the daily Order of the Day and the list of official documents contained therein are also available at the Document distribution counter at door 40 of Palais des Nations. The counter can also provide participants all other official United Nations documents, upon completing a request form available at the counter.

**Directions to the Document distribution counter:** located in building E, level 2, near door 40 as you come in from outside.

Webcast

Public meetings of the Human Rights Council and some of its mechanisms can be viewed live and are also archived [http://webtv.un.org]. Some Human Rights Council meetings have been made accessible by providing International Sign and captioning. Links to the accessible webcast archives are available at the web page on Accessibility [www.ohchr.org/hrc/accessibility].

Planning a parallel event

Council participants accredited to the session of the Council can organize parallel events

- If you are representing a State, specialized agency, intergovernmental organization, national human rights institution, or special procedure mandate holder you must make a request by following the instructions and completing the room reservation form available at: www.ohchr.org/hrc/accessibility

- If you are representing an NGO, please check the Practical Guide for NGO Participants (available in pdf format only): http://www.ohchr.org/Documents/HRBodies/HRCouncil/PracticalGuideNGO_en.pdf

As the organizer of the parallel event, you must provide the Council Secretariat (email: hrcaccreditation@ohchr.org) with a complete list of its guests in excel format, with the first name in one column and the family name in a second column at least 48 hours prior to the meeting.
Parallel events are announced in the daily Bulletin of Informal Meetings (BIM) which is posted the night before on the Council’s website. Although the BIM is not an official UN document, hard copies of the BIM can be picked up at the Documentation distribution counter.

Parallel events are usually organised in rooms 17 (XVII), 18 (XVIII), 19 (IXX) 21 to 28 (XXI to XXVIII) located in the building E, level 1.

The podiums in all the parallel event rooms are up one step and there are no permanent ramps as of now. Temporary ramps are available if notified in advance. If you require a ramp to be available, please specify so while filling the room reservation form.

For advice on how to request for accommodation at the parallel event, please contact the Accessibility Focal Point.
Entry to Palais des Nations

- **Pregny Gate:** Enter Palais des Nations through Pregny Gate if you need to pick up a badge to participate in the Council session.

- **Nations Gate:** Enter Palais des Nations through Nations Gate if you already have an annual photo badge issued by the Security and Safety Section of UNOG or United Nations Headquarters in New York (UNHQ).

Exit from Palais des Nations

- **Pregny Gate:** Exit Palais des Nations by taking the same route back as for entry. Once you reach the Pregny Gate building where badges are issued use the ramp on the side of the building to get to the exit gate. The way back to the Pregny Gate building is uphill followed by an upward ramp.

At the exit gate if you are a wheelchair user, call UNOG Security on the intercom to open the gate for you. Be cautioned that the gate will open towards you.

All buildings in Palais des Nations are locked by 7 p.m. We therefore strongly recommend you exit Palais de Nations before 7 p.m. If for any reason you are delayed then call the UNOG Security on extension 71449 for assistance to exit the building. You may call from an internal telephone at the Security desk in building E, level 2. Exit is only allowed from the Pregny Gate after 7 p.m.
There is a Security Officer on duty at Pregny Gate around the clock.

- **Nations Gate:** Exit Palais des Nations through Nations Gate until 7 p.m. The Nations Gate may be more comfortable to exit especially for persons using manual wheelchair as it is not uphill.

**Directions to the Nations Gate from room 20:** Take lift number E47 to level RC, turn left into the corridor and go straight past the cafeteria. Turn left at the end of the main corridor towards building C. Turn right and then left again. Go straight till you reach door C6, which is equipped with a ramp. Exit through the semi-automatic door. Once outside the building, turn left and continue straight until you reach the Nations Gate.

At the Nations Gate if you are a wheelchair user indicate to the Security Officer to open the gate for you. Be cautioned that that gate will open towards you.

**The Nations Gate is open from 7 a.m. to 7 p.m.**
Accessibility to Palais des Nations by public transport

The Palais des Nations can be reached by the following tram and bus lines.

- **Pregny Gate:** Buses 8, 28, F, V and Z (Appia stop) provide the closest access to Pregny Gate Security entrance, which is where you need to go to get your badge.

- **Nations Gate:** Tram number 15, as well as buses 5, 8, 11, 14, 28, V, F, and Z. Nations Gate is located approximately 500 metres away from the Pregny Gate, uphill along Avenue de la Paix.

Further information on public transportation in Geneva, such as itineraries, timetables and fares is available only in French on the website of the Geneva Public Transport service [http://www.tpg.ch].
Accessibility to Palais des Nations by taxi

- **Pregny Gate:** You can arrive at the Pregny Gate by taxi. Taxis are prohibited from entering Palais des Nations grounds. As an exception the UNOG Security may give special permission to persons with disabilities requiring door-to-door taxi service. If so required, please mention this in Annex 1 of the Conference Registration Form.

When you go in person to pick up your badge, you will have to show your official ‘disability card or certificate issued by your government’ to the UNOG Security at Pregny Gate to get a ‘taxi access pass’ (also called ‘taxi access vignette’). This pass will be valid for the duration of your participation in the Council session. You must carry the ‘taxi access pass’ with you on all days to be able to display it while entering or exiting Palais des Nations.

When you go out from Pregny Gate, there is a taxi stand located about 25 meters down the road towards the Nations Gate. Taxis are usually available round the clock.

Alternatively, when leaving Palais des Nations, approach any uniformed UNOG Security Officer and ask them to call a taxi for you by showing your ‘taxi access pass’.
Accessibility to Palais des Nations by private vehicle

Private vehicles are not normally allowed into the premises. Special vehicle authorization may be granted only to persons with disabilities who possess a ‘special parking badge’ issued by the relevant authority in the country of residence.

If you need a special vehicle authorization, specify so in Annex 1 of the UNOG Conference Registration Form. The UNOG Security will issue a ‘T1 HAN vehicle pass’, after verifying your ‘special parking badge’. The ‘T1 HAN vehicle pass’ will be valid for the duration of your participation in the Council session. The pass will allow private or hired adapted vehicle to enter the premises.

Remember to also get a badge for the driver to enter the premises. The driver will be issued a different badge, with no access to meeting rooms.

Accessible parking bays are indicated on the UNOG Palais des Nations map available at the Pregny Gate building and on-line at: www.ohchr.org/hrc/accessibility

Please note that all vehicles (private or hired) entering or leaving Palais des Nations as well as passengers can be subject to searches by UNOG Security.
