Since January 2008, Austrian national law bans the production, transfer and use of cluster munitions. Austria has already transferred its remaining stocks of cluster munitions to a contractor for destruction. Furthermore, Austria is a party to the Convention on Cluster Munitions, which entered into force on 1 August 2010, introducing a comprehensive ban of cluster munitions for the States parties to the convention. Following the ratification of the Convention on Cluster Munitions, Austria had all stocks of relevant ammunition destroyed by November 2010. Any further reporting on this subject will be performed within the applicable scheme.
