Australia

Declarations:

"It is the understanding of Australia that, in the context of operations, exercises or other military activity authorised by the United Nations or otherwise conducted in accordance with international law, the participation by the Australian Defence Force, or individual Australian citizens or residents, in such operations, exercises or other military activity conducted in combination with the armed forces of States not party to the Convention which engage in activity prohibited under the Convention would not, by itself, be considered to be in violation of the Convention.

It is the understanding of Australia that, in relation to Article 1(a), the term "use" means the actual physical emplacement of anti-personnel mines and does not include receiving an indirect or incidental benefit from anti-personnel mines laid by another State or person. In Article 1(c) Australia will interpret the word "assist" to mean the actual and direct physical participation in any activity prohibited by the Convention but does not include permissible indirect support such as the provision of security for the personnel of a State not party to the Convention engaging in such activities, "encourage" to mean the actual request for the commission of any activity prohibited by the Convention, and "induce" to mean the active engagement in the offering of threats or incentives to obtain the commission of any activity prohibited by the Convention.

It is the understanding of Australia that in relation to Article 2(1), the definition of "anti-personnel mines" does not include command detonated munitions.

In relation to Articles 4, 5(1) and (2), and 7(1)(b) and (c), it is the understanding of Australia that the phrase "jurisdiction or control" is intended to mean within the sovereign territory of a State Party or over which it exercises legal responsibility by virtue of a United Nations mandate or arrangement with another State and the ownership or physical possession of anti-personnel mines, but does not include the temporary occupation of, or presence on, foreign territory where anti-personnel mines have been laid by other States or persons."
