FORM A: Steps taken to implement Article 3 of the Protocol: Clearance, removal or destruction of explosive remnants of war

High Contracting Party: Hungary

Reporting for time period from: 01/01/2014 to 31/12/2014

Steps taken to implement the provisions of Article 3:

The clearance, removal and destruction of explosive remnants of war (ERW) within the territory of Hungary is the responsibility of the EOD unit of the Hungarian Defence Forces (HDF), according to the 1999 Government Regulation. In 2014, there were 2612 EOD incidents registered at the EOD Regiment of the HDF, where 14 482 pieces of ERW's were destructed. The total weight of the destructed ERW's is 18 117 kg. Most of these ERW's were remnants from World War II, while other unexploded ordnance (UXO's) were left behind in formerly used military training fields and shooting ranges by the Soviet Army.

FORM B: Steps taken to implement Article 4 of the Protocol: Recording, retaining and transmission of information

High Contracting Party: Hungary

Reporting for time period from: 01/01/2014 to 31/12/2014

Steps taken to implement the provisions of Article 4 and the Technical Annex:

Hungary records every available information about the ERW's found in the territory of the country according to the current regulations. This information is available at the EOD Regiment of the HDF and can be released to other organizations upon request, in accordance with the current regulations about public information.

Moreover, in the HDF there’s a two-fold recording and retaining information in national bases, in homeland as well as in multinational environment:

- operational: each unit engaged in operations has to include in its reports all use of explosive munitions and, if applicable, all abandoned munitions.
- logistical: all use of munitions is recorded and reported.

During live firing exercises, a standby EOD team has to be present. In case of a misfire or a dud ammunition is reported, this EOD team has to respond immediately and has to take care of the unexploded ammunition.
