Steps taken to implement the provisions of Article 4 and the Technical Annex:

Romanian military regulations contain detailed provisions on recording the military actions so that to reflect the use of explosive ammunition. The platoon and company commanding officers record the artillery firings, by mentioning the target area and the type and amount of ammunition used. In the artillery military regulations is described exactly the recording method. Similar rules are established for the airforce firing or bombing. Still the system is to be completed with measures to facilitate the collection of this information and making them available for clearance operations.
